

10 Best Game Torrent Sites in 2019

Torrenting is undeniably a favorite activity of a majority of netizens today. Considering the sad demise of many torrent sites in the past, netizens are actively looking for torrent websites that are working properly. Since the past year brought turmoil in the lives of binge watchers and gamers as the entire torrent industry was shutdown. The copyright watchdogs and state-sponsored departments imposed a ban on many dominant torrent sites.

We have created a guide to the best torrent website in 2019 that work and offer reliable and high speed torrent downloads. Netizens can download their favorite movies, seasons, TV shows, games, e-books, music, and more media hassle-freely from the following torrent websites:

RARBG

RARBG is one of the leading torrent websites. It offers worthwhile content and updates media library on a regular basis. Fanatics can download new and old torrents. Being powered by an active community of torrenters, RARBG offers unlimited seeding topping of lists for on-demand movies, TV shows, music, shows, and more media.

Zoogle

Zoogle is relatively a fresh websites in the list of torrent websites. It offers an unrestricted access to more than 1,300 TV appears and 30,000 motion pictures.

The websites provides torrenters with a plain and sleek UI. The user-friendly UI makes Zoogle one of the fan-favorite torrenting websites in the modern-day. Interestingly, Zoogle does not offer popup or promotional content, allowing users to download torrent without facing any unwanted ads. Users require providing email address, username, and a key to download media from Zoogle.

Torrentz2

Torrentz2 stands among the leading torrent websites that offer access to a massive media library. The torrenting website is easy to use and holds a low profile. Torrentz2 emerged as an alternative

to Torrentz.eu that was shut down in the 2016. This website has gained a massive reputation in the torrent community.

EZTV.AG

EZTV stand as a TV-torrent dispersion website and was released in the mid of 2005. After takeover of this website by the EZCLOUD LIMITED, the website was imbued with seamless features and reliability aspect. Today, EZTV stands among the leading torrent websites. EZTV works under proprietorship (EZTV.ag) and offers its own torrents.

LIMETORRENTS

LimeTorrents is a popular torrent website. It has been popular since more than half a decade. LimeTorrents is one of the oldest torrent websites. Their user interface is sleek and easy to use. It is one of the reason that LimeTorrents is a fans-favorite torrent website.

TORRENTDOWNLOADS

TORRENTDOWNLOADS is one of the leading torrent websites. The website holds an extensive yet well-organized torrent library that is easy to navigate. Similar to many torrent websites, TORRENTDOWNLOADS is banned in various countries. However, countries where TORRENTDOWNLOADS is working, netizens are happy to opt it for downloading favorite torrents in best quality.

YTS.AM

YTS.AM has been leading in the torrent industry. The websites has surpassed the all-time famous The Pirate Bay due to massive media library that comprises high rated and popular movies, TV shows, seasons, and more media. The website stands as an unofficial successor to the famous YTS or YIFY group. YTS.AM has been rebranding 3rd party releases of famous movies.

1337X

In case you have not heard about the 1337X, then this website offers a massive media library of popular torrents. The website offers a straightforward interface. Recently, this website has gone

through major aesthetics update and redesigning. Many security flaws have been corrected and site has become safer than before. 1337X is one of the most stable torrent websites until now.

The Pirate Bay

The Pirate Bay is a popular torrent tracker. Fans celebrated its 15th birthday last year. The Pirate Bay is one of the oldest torrent websites. Although this website receives a majority of traffic from proxy domains, it stills stand among the top torrenting websites. However, torrenters have reported to face several issues including the downtime and connectivity. The Pirate Bay holds VIP/Trusted user tags that make this website a legitimate and secure source for unlimited torrent downloads. Interestingly, fanatics have titled the Pirate Bay as the King of Torrents.

NYAA.SI

NYAA.SI is another great torrenting website. The website is popular revival of the anime torrenting website NYAA. The website is popular among the torrent fans. However, the Cloudflare suspended the NYAA about a year ago. Now, NYAA.SI has emerged as a reasonable alternative to cater to anime fans.

Final Words
